Case Study – Bridge Slabs

For this project our customer asked for two bridge slabs which required very heavy duty anchors and which were to be coated in a very specific sealer. The units had to be delivered on a wide load and on a Sunday to minimise the disruption to the road users.

The units for the project included:

- 2 bridge slabs with heavy duty anchors, specialist sealer and specific delivery instructions.

Bridge Slabs

Bespoke Concrete Products Limited, VAT Number GB 605 5042 75, Registered in England number 2773783.
