Case Study – Stratford Station

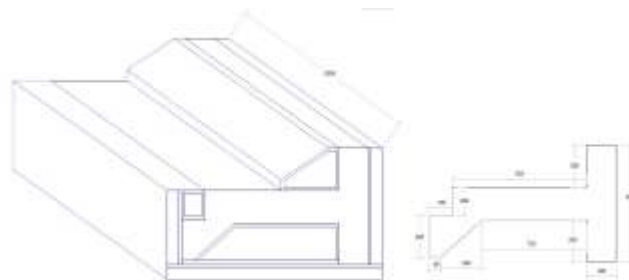

In the spring of 2011 Bespoke Concrete were contacted by Volker Fitzpatrick (whom we had worked with previously on other projects for the Olympics) to help keep the works for the Olympics at Stratford Station on track. Volker Fitzpatrick required 15 custom large platform supports in an extremely quick turnaround time to ensure the station improvements for the Olympic went ahead on schedule.

Bespoke were able to offer a very fast mould making and casting sequence that by specially designing the concrete made us able to rapidly manufacture the platform supports.

The project was completed on time and on budget.

The units for the project included:

- Platform supports

Bespoke Concrete Products Limited, VAT Number GB 605 5042 75, Registered in England number 2773783.
Registered address: Tynedale Works, Princess Way, Low Prudhoe, Northumberland NE42 6PL
