Case Study – Tyne and Wear Metro – Ducts and Covers

Bespoke Concrete was contracted by Nexus to provide custom duct covers and cable ducting for the ongoing maintenance of the Tyne and Wear metro public transport system.

Bespoke Concrete engineered a custom civil concrete mix to provide fibre reinforcement and air entrainment for the cable duct castings.

The project involved some very specialist castings often only requiring one unit to suit a very bespoke position in the duct work. Alongside this Bespoke Concrete was able to produce top quality longer runs of more standard units to provide in the region of 1km of replacement ducting for the metro infrastructure.

Bespoke Concrete Products Limited, VAT Number GB 605 5042 75, Registered in England number 2773783.
Registered address: Tynedale Works, Princess Way, Low Prudhoe, Northumberland NE42 6PL

Nitecrete Manufactured and developed by Bespoke Concrete Products Ltd. International Patent pending.
